Office Policy on Health Insurance Plans

We are pleased to meet the needs of our patients and referring physicians by enrolling with various managed care insurance programs. While we are able to provide you with this service, it is extremely difficult to keep track of all the individual requirements of each plan. Even with the same insurance company, plans often may differ. Providing quality medical care for our patients is our primary concern, and we are more than willing to provide that care based on your insurance contract guidelines. We request at each visit that you advise us of your guideline requirements. Unfortunately, if you do not inform of any special requirements in your contract and we subsequently provide services, or order services such as lab work or hospitalization that are not covered, we or the medical facility will have no choice but to bill you directly for all said charges. All fees submitted and denied by your insurance carrier will become your responsibility.

Our practice will file insurance claims as a courtesy for you, however, office visit co-pays, co-insurance, and deductibles are payable on the day of your visit. Remember that you are responsible for all fees, regardless of your insurance coverage. Some insurance plans require prior authorization and/or referral documentation. This is your responsibility. If we do not receive the authorization and/or referral documentation in advance, payment is due at the time of service.

With your cooperation, you should be able to receive all benefits offered by your insurance plan, and we will be able to concentrate of caring for your medical needs. **Your insurance benefit is a contract between you and your insurance company; we are not party to that contract.**
